

# JACK PANDL'S WHITEFISH BAY INN

## WE'RE RE-OPENING!!

Wednesday, May 20, 2020

On Friday, May 20, our doors will be open for in-person dining for the first time in over two months. While we are SO excited to have all of you back, there are many precautions we need to take in order to provide a safe experience for customers and staff.

We will only be able to seat a limited number of people at one time, both inside and on our patio (weather permitting). Our capacity will be cut down to under 50%, so that we can properly space out customers in accordance with the CDC guidelines. Because of this, we are asking that customers call ahead before dining in and making a reservation with us. In addition to this, we will not be able to put parties over six (6) people at one table together. This will help us to utilize our small space more efficiently.

Our curbside pick-up/delivery will continue as it has been throughout the course of the pandemic. Due to kitchen capacity, spots for both pick-up and dine-in will continue to be limited. Please call several hours in advance to reserve your order/seat. Days outside of Friday Fish Fry will be more flexible and we can adjust as time goes on.

The procedure we have in place for reopening will change as more information is gathered and as our staff feels more comfortable with the new work environment. Customers can help ensure this is a positive experience for everyone by continuing to wash their hands, respect everyone's space, and to stay home if they are sick.

We will continue to post updates so that everyone can stay informed! See you soon!
